RADHA RAMAN ENCLAVE

A FLAGSHIP PROJECT BY
RICHHARIYA GROUP

RADHA RAMAN ENCLAVE

Radha Raman is the flagship project of Richhariya Group, a closed, gated community based on the concept of a green environment for family living. It is the first smart residential colony in SGAR where all electric wires, sewer lines, and stormwater systems are completely underground, ensuring a clean and organized setting.

Spanning across 5 acres, Radha Raman Enclave features only 53 residential and 3 commercial plots, catering to the premium and esteemed residents of the city. The enclave boasts a sprawling lush green garden and unique concrete structures that offer a picturesque view of the surroundings, creating an artistic and scenic ambiance for its residents to enjoy. Radha Raman Enclave is ready to welcome dream home enthusiasts to its promising location in the city.
